

Citrix Presentation Server 4.5 and XenApp 5.0 for Windows Server 2003: Administration

Duration: 5 Days **Course Code: CTX1259BI**

Overview:

CTX-1259AI Citrix XenApp (Presentation Server 4.5): Administration provides the foundation necessary to effectively deploy and administer Citrix XenApp (Presentation Server 4.5) and its components, including Load Manager, Installation Manager, Web Interface, Application Streaming and Secure Gateway.

Learners will receive hands-on training for installing Citrix XenApp (Presentation Server) and its Server Clients and for using the various administrative consoles to configure published resources, policies, individual server and server farm settings, load evaluators, isolation environments, printers, streaming applications and much more.

Target Audience:

This course is intended for IT professionals, such as server, network, systems and help desk administrators familiar with Microsoft® Windows® environments. Systems engineers, analysts, consultants, and architects are also appropriate candidates for this course.

Objectives:

- Upon successful completion of this course, learners will be able to:
 - Install Presentation Server 4.5 in a Windows Server 2003 environment
 - Install and configure Presentation Server Clients
 - Publish applications, resources and content
 - Configure and manage policies for Presentation Server
 - Configure ICA connection and session settings
 - Configure and manage server and server farm settings
 - Configure load evaluators and monitor load using Load Manager
 - Deploy applications using Installation Manager
 - Deploy applications into an isolation environment
 - Configure and manage network and session printing
 - Install and configure Web Interface
 - Configure streaming profiles, install the Streaming Client and configure Presentation Server to stream applications
 - Secure access to published resources through ICA encryption, Citrix SSL Relay and Secure Gateway
-

Prerequisites:

■

Testing and Certification:

1Y0-259Examen Citrix Presentation Server 4.5: Administration

Content:

Provided is the topic outline for CTX-1259AI.

- Installing Citrix Presentation Server
 - o Citrix Presentation Server Overview
 - o Identifying Components of Presentation Server
 - o Introducing New Features and Feature Enhancements
 - o Identifying Management Consoles in Presentation Server
 - o Installation of Presentation Server
 - o Making Installation Decisions
- Installing and Configuring Citrix Presentation Server Clients
 - o Citrix Presentation Server Client for Windows
 - o Identifying New Features in the Client for Windows
 - o Using the Client for Web
 - o Using the Program Neighborhood Agent
 - o Using the Program Neighborhood
 - o Client Connection Security
 - o Configuring Remote Configuration
 - o Installation of the Client for Windows
 - o Understanding the Installation Requi

Additional Information:
