## Implementing Citrix XenDesktop 3 and 4

**Duration: 2 Days**    **Course Code: CXD200-11**

---

### Overview:

In this course, students will learn to install, configure and manage Citrix XenDesktop 3. By completing the exercises available in a hosted online lab environment, students will obtain hands-on experience working with Citrix XenDesktop. Students will install and configure key desktop delivery components, including the Desktop Delivery Controller, Virtual Desktop Agent, Desktop Receiver and XenDesktop Setup Wizard. Students will also configure XenDesktop policy management settings and connect to a XenDesktop environment from a variety of endpoint devices.

The Citrix XenDesktop 4 Updates offers students an opportunity to identify the new features, enhancements and system requirements for XenDesktop 4. Students will learn how XenApp functions with XenDesktop 4 and complete an exercise to upgrade a version of XenDesktop 3 to XenDesktop 4.

---

### Target Audience:

This course is designed for IT professionals and Systems Engineers.

---

### Objectives:

- Explain the features, benefits and components of Citrix XenDesktop 3 and 4
  - Install the Desktop Delivery Controller
  - Prepare a virtual desktop for delivery to an endpoint device
  - Install and configure the XenDesktop Setup Wizard
  - Create and manage desktop groups using the Access Management Console
  - Configure XenDesktop policy management settings
  - Install and configure Desktop Receiver software on an endpoint device
  - Connect to a XenDesktop environment from a variety of endpoint devices
  - Upgrade a XenDesktop 3 environment to a XenDesktop 4 environment
- 

### Prerequisites:

A basic knowledge of Citrix XenApp

A basic knowledge of Citrix Provisioning Server

A basic knowledge of Citrix XenServer

An understanding of computing architecture, including network and storage devices, device drivers and operating systems

Basic experience installing and administering Windows Server 2003

### Testing and Certification:

This course prepares learners for Exam A17 Implementing Citrix XenDesktop 3 and 4, the requirement for the CCA for Citrix XenDesktop 4.

---

### Content:

- |                                   |                                  |                        |
|-----------------------------------|----------------------------------|------------------------|
| ■ Introducing XenDesktop          | ■ Configuring Desktop Groups     | ■ XenDesktop 4 Updates |
| ■ Preparing to Install XenDesktop | ■ Managing XenDesk               |                        |
| ■ Installing XenDesktop           | ■ Preparing the Desktop Receiver |                        |
-

---

### Additional Information:

Enables hands-on practice on the installation and configuration of Citrix XenDesktop. Includes all exercises from CXD-200-11 Implementing Citrix XenDesktop 3. Provides open practice environment in which any aspect of the technology can be configured and exercised

---
